

ABOUT SHADOWCAST STUDIOS©

Basic Info & Motto

ShadowCast Productions & Talent Studios© is a recently established, Middle Georgia studio based in Fort Valley. We are also producers, when we find exceptionally talented artists to produce, which ties into one of our mottos: Merging all forms of artistic production with the equally creative talents who create it.

Services and Assets

Our studio is equipped to provide a reasonable broad selection of creative service options and offers! These services range from visual works, such as HD photo / video services, graphic design, etc. - to performance arts most of which are musical in nature. For this, our popular line of top quality audio services are offered for which we have a full service recording studio, complete with a high quality, dual head mic, acoustic wall paneling, powerful software, and more! Before you ask- yes, the prices are correct in the booking system, and no, you will NOT be sacrificing any quality, visit the recording studio's page on our website if you wish to see- and hear, for yourself.

Quality Confident

Don't just take our word for it either without seeing it for yourself and give us the chance to earn your trust with absolutely no risk whatsoever for you! We offer a 100% Risk-Free, Money Back Guarantee with our recording studio service. If you are not satisfied with the service for any reason after every possible effort has been made to resolve the issue and earn your satisfaction, you will not have to

pay any of the service fee, we will fully refund your security deposit, and in addition to a full refund, we will also give you \$2 extra for gas. HD Photography / Video Services, Professional studio recording, and other such services. Do not forget graphic design and business services too!

Greater Mission

Aside from conventional production however, our greater mission at ShadowCast Productions & Talent©, is to provide aspiring young, but unfortunately underprivileged artists, creators, actors, performers- any form of talented young individual; a free-of-charge opportunity to work with, and create with professional equipment while receiving expert instruction. Equipment and instruction they otherwise might not every have a chance to use.

They will get to create something that displays only their full talent; not hindered by the limitations of their equipment and materials, or the lack thereof, which they have always had to make do with using. After the artists create a work they are satisfied with, we will produce these works for them at no cost. This will give them the opportunity to gain publicity and highlight their true ability and possibly discovered as well. This is not a competition either, this is just a nonprofit that program we hope will be able to make a difference to someone's life. We are always very grateful for any donations we receive for this cause as well.

It's Time To Cast Your Shadow™

All artists and performers should have an equal opportunity to gain notice in the community. Age, money, gender, race, or any other such thing does not determine your talent or quality of your creations with your chosen medium. That medium can be anything from a pencil to your voice, but no matter what you use to create ShadowCast Productions and Talent Studios© wants to give you the opportunity to Cast your Shadow™ in the best possible light working side by side with us on your project!
